*The Official Newsletter of the West Kentucky Amateur Astronomers*

---

**UPCOMING BOARD MEETING & REGULAR MEETING:** The next board meeting and club meeting will take place this Saturday, Feb 1 at 6PM and 7PM respectively at GP Observatory. (Public is welcome)

---

**THE LAST MEETING** was held on Jan 4, and the following highlights are from memory and the aid of other officers, since my tape recorder is broken and didn't record anything during the last meeting...please excuse me if I forget to note anything of importance.

-The following officers have agreed to serve again in the same position for 2003 if elected: Warren Wepking (Pres.), Alan Dudenhofer (V-Pres.), and David Paessler (Treasurer/AICor). Declining serving again are: Ross Workman (Star Party Chair) and John Holland (Secretary).

-REMEMBER to carefully consider nominations for all officers' positions and submit them to any officer (soon). We need to contact the nominees and allow time for each person to decide whether to accept or decline.

-Dave Byrd, our Astronomy Day Coordinator, mentioned that he had received materials from S&T for Astronomy Day. He needs to know who will be present for A.D. and possibly be available to help with day or evening activities. Please report to him if you plan to attend.

-A general discussion on the 2003 Star Party was entertained, with no details being worked out.

-If you picked up any new club business cards, please dispose of them or make the following correction to the schedule on the back: On May 3 there is a board meeting and regular meeting. I will try to have new cards printed by this Saturday.

-After the meeting, Vince Medlock set up his 6" Dob and did a bit of observing amongst the intermittent clouds.
